	OCR Art & Design – Three-Dimensional Design (J175) Portfolio Checklist **Art Deco – Time - Clocks**	
AO1	Evidence required	Completed
	Mind mapping – mind map ideas for time/art deco/clocks	
	Image board – Collate 14-16 images of different types of clocks	
	Photographs – Take 3 photographs of different clocks	
	Links to artists – Find out key information and collect images of 2 artists related to the Art Deco movement.	
	Starting point images – Find an art deco clock/or art deco painting that inspires you. Explain what you like about it.	
	Analysis – What have you learnt from this research and what aspects of it will you develop. Consider, colours, shapes, ideas etc	
AO2	Modelling – 2-3 photographs of models you have made of clock ideas	
	Isometric drawings – Use isometric paper to draw 3-5 isometric clock designs	
	Tinker-cad designs – Use Tinker CAD to develop 3 – 4 Art deco clock designs – remember you need to include the clock you are making now!!!	
	Initial design ideas – generate in pencil/colour in pencil crayon 2-3 initial art deco clock design ideas, this should link to research, your starting point, models and other ideas already generated.	
	Analysis – What skills will you develop as part of the preparation for your design idea. Here you can include the work you have done on enamelling, fret, veneer and mosaic.
